3. Bull Call Spread Strategies

NVDA

NVDA Bull Call Spread — $201.03 (Mid Price: $4.75)

Buy the $195 Call / Sell the $205 Call, Apr 24, 2026 (1 DTE)

- Cost per spread: $475.00
- Max profit: $525.00
- Max loss: $475.00
- Breakeven: $199.75
- Capital required: $475.00
- Expiration: Apr 24, 2026 (1 DTE)

Why this setup: NVDA is the strongest trend in the universe (100.0) and a leader in AI infrastructure. The stock is in a tight range (+0.3% 1M) and has pulled back to the lower band after a strong run. This is a low-cost, high-conviction bullish bet with a defined ceiling. Ideal if you want to participate in the next leg up in the AI trade without paying full price for the shares.
